## ABOUT

**This is what it means  
to have a custom  
wedding dance  
choreographed for  
your big day, with  
Your First Dance Co.**

Here at [Your First Dance Co.](#) we know that memories of love are what weddings are truly about. The memory of walking down the aisle and seeing your beloved for the first time, as they wait for you to join them. The moment you say “I do,” and know that it means forever.

Then, there’s your first dance. It’s a once in a lifetime moment where time and space seem to stand still. The music starts, your bodies begin to move in unison as you twirl, dip and spin across the dance floor. Your loved ones will watch on with admiration as they see your love story come to life, in perfect harmony, for one beautiful moment that you’ll treasure for the rest of your lives.

At [Your First Dance Co.](#), it is our mission is to ensure this single breath in time is a truly unforgettable experience for you.

Not only will your first dance as a married couple be unique and memorable for all in attendance, we know that you will never forget your dance classes, laughing, stumbling and learning something new together. There may be moments where you almost trip, but you’re caught by the one you love and trust, and you’ll never forget the feelings of accomplishment the first time you dance without making a mistake!

You will never forget your journey through dance, and every time YOUR song plays, time will stand still once more.

**This is your

## DANCE LESSON

### RECOMMENDATIONS

#### A Photo of Your Wedding Dress

To help us, as choreographers, to know what we are working with for your special day.

#### Rehearsal at Your Venue

We recommend you have a dance rehearsal at your chosen wedding venue a week or so before your wedding (venue rehearsal cost applies, see page 3 for cost). If destination wedding, we recommend a facetime lesson.

#### Plan Ahead

Weekly to fortnightly lessons until the dance is finished, then space out the lessons. To avoid disappointment, plan to start your dance training approximately 3 months prior to your big day. However, if you are running short on time, even just a few lessons will make all the difference!

#### Bridal Party Dance Lesson

2 x one hour lessons, and if possible a 1 x one hour lesson at the venue for a final rehearsal. Can recommend alternative venue if needed.

#### Song Choice

Choose a song together. Make sure you both love the lyrics, the beat or the artist – there will be more of an emotional connection if both of you are familiar with the song. Choosing the right song produces a more meaningful dance and is easier to choreograph and learn.

In order to keep our staff and students safe we practice Social Distancing. Help stop the spread of Coronavirus by keeping your distance. Remember don't shake hands or exchange physical greetings. Wherever possible stay 1.5 metres apart and practice good hand hygiene, especially after being in public places.
